“Receivable Strategies, LLC is recovering 55% of 360+ receivables!”

VP Reimbursements, national healthcare company

Healthcare Receivables Management Services

Surviving the challenges of today’s healthcare environment – squeezed margins, complicated contracts, billing complexities, inadequate staffing – calls for responsive, resource management and effective tactics for achieving best-in-class cash flow.

Receivable Strategies, LLC’s Tactical Project and Outsourcing Groups will provide immediate “S.W.A.T.” Team assistance to enable you to optimize cash flow, increase recoveries, prevent unnecessary write offs, and improve your bottom line. Best of all, our programs are self-funding. And they leave you and your staff free to focus on managing your day-to-day business.

Custom Programs

We can manage your entire receivables, or just a portion determined by your needs and specific company goals. Our programs include:

RECEIVABLES RECOVERY AND TACTICAL PROJECT TEAMS

Expert professional recovery of receivables requiring intensive collection action, documentation, reconciliation or dispute resolution.

We’ll quickly recover cash from current and aged receivables, allowing your staff to focus on day-to-day business. We offer:

- Powerful, flexible technology, fully scalable to any need
- Intensive collection campaigns to resolve backlogs and past due receivables
- Tactical “S.W.A.T.” Teams to handle on-site projects, including:
 - intensive collection campaigns
 - account reconciliation
 - dispute resolution
 - A/R backlogs
- Transitional outsourcing to maintain peak receivables performance during restructuring, merger, acquisition, divestiture, or new systems installation
- Specialized interim professionals for special projects, vacancies, or understaffed periods

The #1 source for nationwide professional receivables management and best practices consulting services.
